Office for everyone

For many customers, Office 365 is the way to go. However, going to the cloud is a journey, and our customers may be in different stages of that journey. To support those customers, we have Office 2019, a valuable new release of Office with a subset of features from Office 365.

Office 2019

for those who can't be cloud-connected

Office 2019 provides a set of valuable enhancements for customers who can't be cloud-connected or receive regular updates. The new enhancements in Office 2019 are a subset of a long list of features that have been added to Office 365 ProPlus over the last three years. It provides new features and updates to the on-premises apps for both users and IT professionals.

Office 365

continuous cloud-powered innovation

Office 365 ProPlus, the cloud-connected version of Office, delivers the most productive and most secure Office experience—with the lowest total cost of ownership for deployment and management. Office 365 ProPlus delivers continuous cloud-powered innovation for increased productivity, better security, and the lowest TCO.
